341-237-9777 • angel_ade-oduntan@berkeley.edu • linkedin.com/in/angel-toki-adeoduntan

EDUCATION

University of California, Berkeley, Haas School of Business

May 2027

Master of Business Administration

- **International Business Development Project:** Developed EU market-entry strategy for global digital identity provider; modeled \$397M revenue opportunity across four priority verticals
- Haas International Student Representative; Active Member, Haas Tech Club & Haas AI Club

University of Ibadan, Ibadan, Nigeria

December 2016

Bachelor of Science, Mathematics

- Undergraduate Intern, Federal Institute of Industrial Research: Applied Zero-Based Budgeting to redesign institutional budget; identified ROI-driven reallocation opportunities to strategic R&D initiatives

EXPERIENCE

Deloitte, Lagos, Nigeria

July 2021-August 2025

Senior Consultant (2024-2025); Semi-Senior Consultant (2023-2024); Associate II (2022-2023); Associate (2021-2022)

Strategy & Operational Transformation

- Spearheaded payment operations revamp for fintech unicorn processing \$170B+ annually; identified point-of-sale workflow gaps through stakeholder interviews and data analysis; developed recovery strategy for \$1M revenue leakage
- Designed procurement transformation strategy for Central Bank; analyzed \$300M+ spend, assessed process maturity, and developed three-phase optimization roadmap; delivered 36% cost savings and strengthened vendor governance
- Directed multi-country reporting transformation for \$7B-market-cap manufacturer; managed 8-person team, evaluated reporting processes, and presented recommendations to CFO; standardized IFRS reporting across multiple jurisdictions
- Evaluated corporate strategy and innovation priorities for \$19B multinational bank; synthesized insights from 25+ board and C-suite interviews and delivered strategic recommendations; improved board effectiveness by 20%

Data-Driven Analysis & Performance Improvement

- Transformed prepaid airtime operations for mobile-money unicorn (50M+ users); analyzed fulfillment workflows, identified validation bottlenecks, and implemented automated transaction verification; reduced processing delays by 90%
- Redesigned transaction-processing operations for Stripe-acquired payments company; analyzed data across nine payment products, diagnosed drivers of \$3M in reversal errors, and strengthened validation controls; reduced operational failures by 27%
- Improved royalty-reporting accuracy for multinational oil and gas firm; built sales and distribution reconciliation models, aligned finance and operations stakeholders, identified 10% reporting variance, and prevented royalty underreporting

Cross-Functional Leadership & Execution

- Transformed dispute-resolution operations for \$1B payments-infrastructure firm; engaged product leaders to identify pain points, redesigned process flows, and partnered with engineers to strengthen validation rules; prevented \$500K in losses
- Redesigned vaccine distribution process for a \$1.5B national COVID-19 program; analyzed operational flows to identify redundancies, reassigned resources, and introduced digital solutions to streamline processes; achieved 7% cost savings
- Optimized contracting and payment operations for 1,320 MW thermal power plant; identified process and approval gaps, implemented monitoring controls, and reduced write-off exposure by \$250K

KPMG, Lagos, Nigeria

June 2019-May 2021

Consultant (2019-2021)

Operations & Process Improvement

- Drove \$200M post-merger network optimization for \$33B multinational bank; assessed operations across 50+ locations, streamlined back-office processes, and consolidated 10+ underperforming branches
- Led operational review across 366+ bank branches; identified customer-account monitoring and profile-mapping gaps and developed remediation plans with Head Office leadership; averted regulatory penalties

ADDITIONAL

- **Skills & Tools:** AI workflow automation (ChatGPT, Claude Code); SQL; Power BI; Excel/Google Sheets; PowerPoint
- **Awards:** Deloitte Recognition for Quality Delivery (December 2023)
- **Interests:** Abstract painter and museum explorer (favorite: Musée de l'Orangerie); legal-fiction reader (4+ books/year)
